Judge Young I am writing you to let  
you know Handicap Discrimination was  
the ladys room the Handicap Stall  
they would not fix it the water was  
turned off the lock on the door was  
broken. I asked them to fix it time  
and time again, after months of waiting  
I called the board of Health to go to  
South Station, and they did, they did not  
want to fix it so I called the Board of Health.  
and they went to South Station and gave  
them on day. They were denying me
